

Chaffey College

Your Path to a Well-Paid, In-Demand Career as a Welder Starts Now!

Skilled welders are in high demand.

From NASCAR to national defense, from manufacturing to energy, welding is a well-paid, in-demand skill that provides many career path opportunities. The InTech Center is now offering an Intro to Welding training program that prepares you for an entry-level welding career.

Take the First Step! Sign up for a virtual info session. Program is offered at **NO COST**, and loaner laptops may be available for use.

Students will have to purchase materials.

VIRTUAL INFO SESSIONS

Includes reading & math assessments (must pass at a 7th grade level). **No experience necessary to participate in training.**

Info sessions are capped at 20 candidates per session.

Tuesday, 8/25/20: 1PM - 3PM

Thursday, 8/27/20: 1PM - 3PM

Friday, 8/28/20: 10AM - 12PM

This program is hybrid online/in-person. Live training will be at:

Location: InTech Learning Center

9400 Cherry Ave., Fontana, CA 92335

Next training scheduled to begin September 14, 2020.

This is a hybrid online & live training - students must have access to internet. Students must also be available to attend evening/Saturday classes.

Welders from entry-level to experienced, living in the Inland Empire, earn a salary range of:

\$25,584 - \$51,896 annual salary

To reserve your seat for one of the information sessions, sign up online:
